American Cyanamid Co.  
P.O. Box 5290  
Lakeland, Florida 33807

Dear Mr. Troyer:

Enclosed are two copies of the results of the gamma survey that we performed on the property owned by American Cyanamid Company located at the intersections of S.R. 33 and 33A north of Lakeland. This survey was done on May 18 - 19, 1987. The gamma readings taken ranged from 5 uR/hr to 27 uR/hr with an average of 10.5 uR/hr for the 212 readings taken. Background gamma radiation for this area is 4 - 7 uR/hr.

If you have any questions concerning these results or if we can by of further assistance, please call.

Sincerely,

James W. Nall  
Public Health Physicist
